EDUCATION

Keimyung University / DigiPen Institute of Technology | Daegu, South Korea

B.S. in Computer Science | GPA: 3.43

May 2030

Relevant Courses: Computer Graphics I, Computer Graphics II, Advanced C/C++, Operating System I, Data Structures

TECHNICAL SKILLS

Programming Languages: C++, C

Engines: Custom C++/OpenGL Engine

APIs & Software Tools: OpenGL, Aseprite, Blender, 3ds Max, ZBrush, Substance Painter, Adobe After Effects, Adobe Premiere Pro, Adobe Photoshop, Adobe Illustrator

Interpersonal Skills: Cross-functional Collaboration, UX/UI Oriented Design, Problem-Solving, Team Leadership

WORK EXPERIENCE

Sandbox Network Inc. | Freelance Asset Artist | Seoul, South Korea

May/2022 – Nov/2022

- Produced specialized visual asset files for various content creator videos as a freelance artist, contributing to the high-quality visual production of digital media.
- Collaborated effectively within a team-based environment by actively participating in production meetings and managing role distributions, ensuring efficient task management across 100% of assigned projects.
- Successfully delivered a consistent volume of high-quality assets within strict production cycles, supporting the timely release of multiple video series over a 6-month period.

Scon Inc. | Freelance Artist (Project-based) | Seoul, South Korea

Sep/2023 – Nov/2023

- Executed a fast-paced, project-based commission to produce high-quality video assets, optimizing the workflow to meet strict deadlines across a 3-month timeline.
- Coordinated closely with team members to divide responsibilities and troubleshoot visual design challenges, successfully fulfilling all client specifications without revision delays.

PROJECTS

RESCOOK | Art Lead & Design Lead

Sep/2025 – Present

- Dungeon rescue cooking game featuring a diverse cast of characters and varied culinary themes.
- Conceptualized and designed a wide array of NPC appearances and unique environmental assets to enhance game immersion.
- Conducted extensive visual research to implement diverse cooking ingredients and thematic dungeon elements.
- Managed the design pipeline to align artistic assets with complex gameplay loops and character-driven storytelling.

Project V | Art Lead & Design Lead

Mar/2025 – Jun 2025

- Top-down pixel art roguelike with a "Computer Antivirus" theme, focusing on fluid motion and visual effects.
- Developed a state-based animation system to achieve natural and responsive player movement across multiple motion states.
- Researched and implemented sophisticated visual effects, such as glitch effects, to reinforce the antivirus concept and increase player engagement.
- Spearheaded the pixel art direction, ensuring consistent quality and stylistic coherence throughout the game.

Forest NAGA | Art Lead & Design Lead

Oct/2024 – Nov 2024

- Auto-battler defense game featuring merging mechanics, team synergies, and custom pathfinding.
- Spearheaded the overall UI/UX and game design, establishing a clear visual identity and user-friendly interface.
- Produced over 100 high-quality 16-bit pixel art assets using Aseprite, including character animations, UI elements, intro sequences, and logos.
- Collaborated closely with the Tech Lead by delivering comprehensive UI functional specifications and precise image coordinate data, contributing to the project receiving high evaluations.

LEADERSHIP EXPERIENCE

Masan High School | President & Vice President of Engineering Club | Changwon, South Korea | Mar 2021 – Feb 2023

- Led and managed an official school-sponsored engineering club of 40 members, fostering a collaborative environment for technical exploration and innovation.
- Organized structured club activities and guided team-based engineering projects, improving members' problem-solving skills and technical understanding.
- Acted as the primary liaison between students and school faculty to secure resources, coordinate schedules, and plan annual club initiatives.

Masan High School | Class Vice President | Changwon, South Korea

Mar 2023 – Feb 2024

- Served as the Class Vice President, assisting in representing student interests and facilitating effective communication between around 30 peers and teachers.
- Assisted in coordinating school events and managing daily administrative tasks to maintain a highly organized and supportive academic environment.
- Developed strong leadership and conflict-resolution skills by supporting class discussions and managing collaborative group activities.
